- Frederick Douglass

RMA PUBLIC SCHOOLS

2024-20225

Dear Class of 2025,

On this momentous day, we celebrate your accomplishments and the bright future ahead. On behalf of the faculty and staff of RMA Public Schools, I extend my heartfelt congratulations to you.

As you step into this new chapter of your life, know that you are capable, resilient, and ready to embrace the opportunities that await. You have overcome challenges, pursued your goals with determination, and demonstrated the strength that defines an RMA graduate. No matter the path you choose—higher education, the workforce, or another adventure—trust in yourself, set bold goals, and chase your dreams with passion.

Take a moment to reflect on the friendships, lessons, and memories you've made during your time at RMA. These experiences have shaped the person you are today and will serve as a foundation for the success that lies ahead. The values of integrity, perseverance, and excellence will guide you in every endeavor, and we know you will represent RMA with pride.

Know that you are never alone. You will always be part of the RMA family, and we will continue to cheer you on from the sidelines. Your journey is just beginning, and I have no doubt that you will make a lasting impact on the world.

Go forward with confidence, embrace every opportunity, and never stop believing in yourself. The future is yours to create, and I am excited to see the extraordinary things you will achieve.

With pride and best wishes,

A handwritten signature in cursive script, reading 'Armard Anderson'.

Dr. Armard Anderson
RMA Superintendent of Schools

RMA PUBLIC SCHOOLS 2024-2025

MESSAGE FROM THE PRINCIPAL:

I congratulate my soon-to-be former students for completing a major chapter in your young life: High School! Students - now you will start the next chapter in our life: Adulthood. I know that most of my students are already living a life of a responsible adult, which means holding a job, paying their bills, and caring for their families. I want to commend you all for living the life of a responsible adult as you were going through high school. Students, all the academic knowledge and skills you learned from school, home, and work were mere preparation for adulthood. The next few years will be critical in your young adult life: As you walk out of this building, you can choose who you want to be and what you want to do for the rest of your life.

There are a few critical junctures in life where you have the opportunity to change the course of your destiny. That juncture is Right Now! At this juncture, you have the choice to be in any profession that you want to be if you set your heart and mind to be in that profession. Nobody can stop you from achieving your destiny except yourself!

Two main ingredients that are the catalysts in achieving your career goal are your education and your drive and desire to learn. Education is the master key to unlocking the multiple doors of opportunity; your drive and desire to learn will fuel your success. My students, the day you stop learning is the day your life will become stagnant!

Dear Students, this will be my last lesson for you - Never stop learning and be a student for Life! I wish you all the best in life!

Thank you,

Varghese Shankarapuri Panachakunnil
RMA Odessa Principal

ACKNOWLEDGEMENTS

We would like to thank all our faculty, staff, volunteers, students, and parents for making this year one to remember.

Congratulations! Today is your day.

You're off to Great Places!

You're off and away!

You have brains in your head.

You have feet in your shoes.

You can steer yourself
in any direction you choose.

You're on your own.

And you know what you know.

You are the guy who'll decide where to go...

Dr. Seuss, "Oh, the Places You'll Go!"
